

Ecochem Pumps **Company Profile**

CIDB Graded: 8ME, 6EP

About Ecochem

Established 21 years ago, Ecochem Pumps (ECP) is the only South African entity representing OEM dosing and disinfection suppliers within our industry.

We represent many brands within the pump, piping, valves and auxiliary equipment environment. We arguably have the most comprehensive intellectual property in the industry by combining the knowledge of product and application specialists. We have acquired and formed new entities, strengthening our market position and foundation for innovation and growth. **ECP** specializes in water and wastewater treatment plant applications in terms of maintenance, repair, upgrades for both mechanical and electrical engineering. We are market leaders in water disinfection systems, providing solutions throughout Africa. With decades of experience, we further specialize within the mining and petro-chemical industries. We operate nationally and within the Sub-Saharan countries with strategic partners and offices and workshops in Kwa-Zulu Natal & Gauteng.

Mechanical 8ME CIBD-Rated

We are the only approved Milton Roy dosing pump repair centre for the African continent.

We offer repairs and refurbishments on all major pump and gearbox brands.

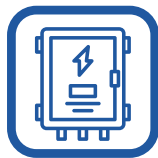

We design and fabricate our own dosing systems for lime, ferric, hypochlorite, as well as xanthate, copper sulphates, frothers, flocculants, etc.

We design, fabricate, install, train and handover chlorination and OSEC plants. We are the owners and sole suppliers of Envir-o-cell OSEC technology for Sub-Saharan Africa.

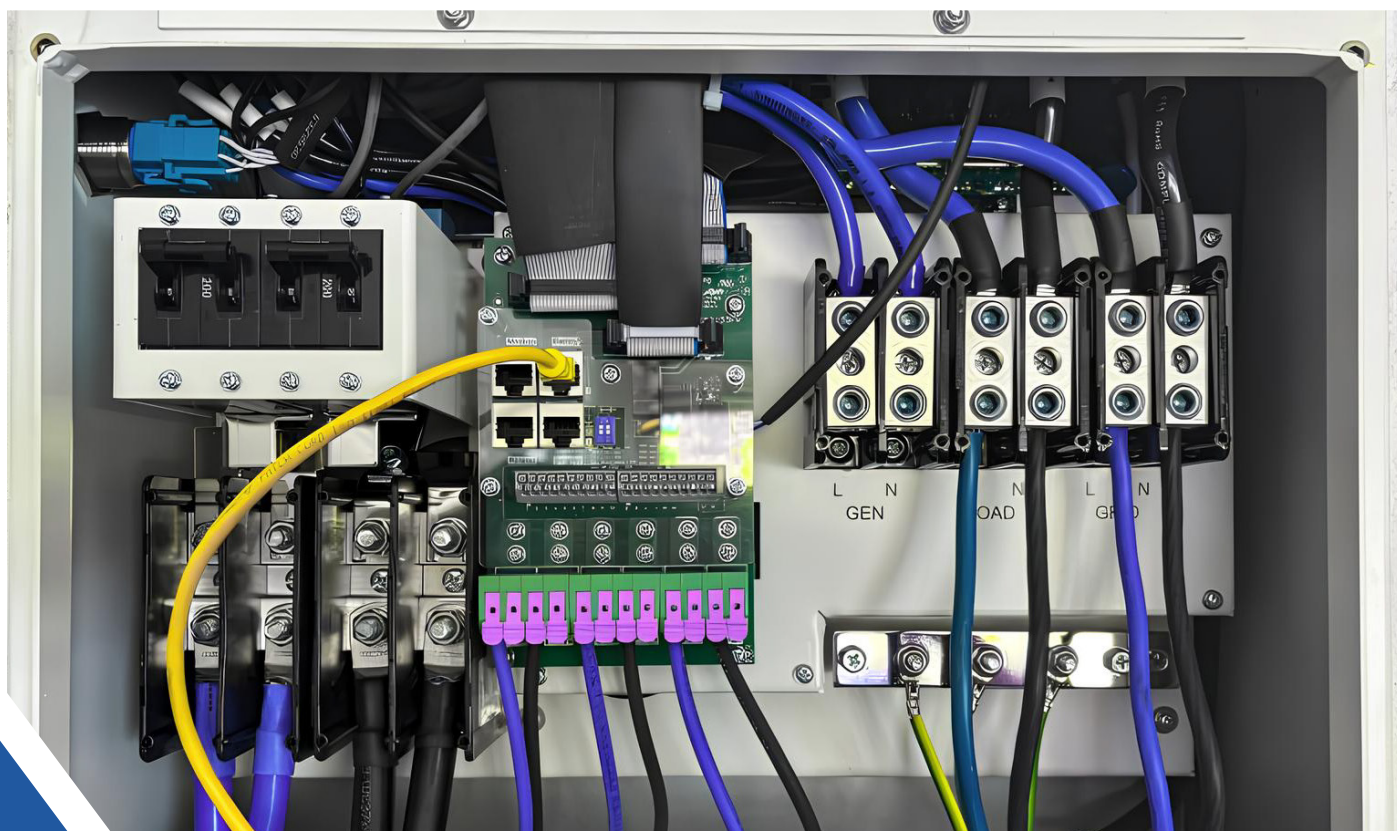

We are an authorised KSB sales and Supremeserv partner for repairs and maintenance.

Electrical 6EP CIBD-Rated

Our electrical division comes with a wealth of knowledge and experience spanning over 35 years.

The teams consist of artisans, electrical assistants and general labourers and we are registered with the National Bargaining Council, Department of Labour and the Electrical Contractors Association of South Africa (ECA).

We have built a reputation for outstanding service, meticulous delivery and the highest levels of expertise when it comes to all your LV electrical requirements.

Our unparalleled services on our workmanship and SABS-guaranteed products have led us to be recognized as electrical service leaders in the industrial and commercial sectors.
